West Tower - Completed      East Tower - Under construction

Greenfield District is a carefully designed city that lies at the heart of the metropolis, providing people high-tech conveniences combined with natural wonders, and a true break from the chaos and congestion of the metro.

Rising at the center of Greenfield District, **Twin Oaks Place** redefines urban living in Metro Manila by providing its upwardly mobile residents with a chance to be fully connected via its state-of-the-art fiber optic backbone.

**Twin Oaks Place** is a vertical residential development that showcases the company's plans and standards for the upcoming buildings at Greenfield District. Outfitted with **Fiber-to-the-Home (FTTH) technology**, it will enable residents to enjoy the convenience of a smart and automated home, as well as internet connection speeds of up to 1GBps.

Most importantly, this future-ready residential building allows homeowners to install their own home automation system to control their units wherever they are via the internet, connect IP-enabled appliances, and utilize a broad range of online-based applications with its integrated fiber optic technology.

**Twin Oaks Place East & West Towers** feature studio units, and one-bedroom flats while **Twin Oaks Place West Tower** also offers one and two bedroom lofts. Both towers have three-level retail podiums and two floors of amenities.
